GENERAL INFORMATION

European Aircraft Sales is proud to present to you a flying piece of history!

This Bell 47 G5 was the foundation for the oldest still operating helicopter operation in Denmark, and now it can be yours.

Starting its life as a crop duster, this Bell was taken out of official operation some 20 years ago, and has since been kept airworthy only to be used for anniversary flights and shows.

It has been kept on the ground since 2011 and is now ready for a new owner.

Many of the major components have less than 150 hours remaining before overhaul, but the helicopter has been kept and maintained without compromise, and while it has been used commercially, it has zero damage history.

This is a completely original 1970 Bell 47 G5.

Asking price: USD 120,000 (ex.VAT)

This aircraft is offered, subject to verification and availability. Specifications and/or descriptions are provided as introductory information only and we reserve the right to make changes to this specification due to misprints, errors and omissions.
